We regret to chronicle the death of Mrs. Samuel L. Grant, of Centerville township, which occurred on Tuesday evening, 17th inst., after a lingering and suffering illness, in the 38th year of her age. She leaves a husband and three little children, besides a host of friends and relatives, to mourn her untimely death. Her remains will be interred near her home this morning.

Mr. W. S. Kay, an excellent citizen of Centerville township, died on Wednesday, 11th inst., after an illness of one week with pneumonia. He leaves a wife and seven children to mourn his death. His remains were interred at Neal's Creek Church on Thursday, Rev. M. McGee conducting the funeral services. Mr. Kay was a son of Mr. Nimrod Kay, of Broadway township. He was a pleasant, agreeable gentleman, and had a host of friends, who deeply regret his death.

Mrs. Coleman, the rival of Lulu Hurst, was greeted by a small audience in the Masonic Hall last Thursday evening. Her tricks were about the same as those performed by Lulu Hurst, though she is not as expert as the latter. Several citizens were invited to seats upon the stage, and a number of them had a taste with the "wonderful puzzle." There is some difference of opinion as to the force or power claimed by Mrs. Coleman, but the majority of those who witnessed the performance think there is nothing mysterious about the feats.

Albert Clinkscapes, and was an accomplished and estimable Christian lady. A. R. Presbyterian: "The eighth day of March never passes unnoticed in Due West. Last Sabbath, the 8th of March, was the eighty-third anniversary of that faithful and well-known public servant, Miss E. McQuerns. Miss McQuerns was the honored guest of the Faculty and pupils of the Female College on last Saturday, where a dining was given in honor of this noble Christian woman."

For several years prior to the war Miss McQuerns was a teacher in the old Presbyterian Female Seminary of Anderson. She has a number of friends here, who will be glad to know that she is still enjoying the blessings of health.

The two column advertisement of the New York Club Store will no doubt attract the attention of all the INTELLIGENTS in this city, every one of whom should read it carefully, as it contains considerable information. Mr. Arnstein, the proprietor, despite the hard times, has bought an immense stock of goods, and you may rest assured he is going to sell them. The line of goods kept by this house, in point of style, quality and beauty, is not excelled in upper South Carolina. Mr. Arnstein treats every customer alike, and consequently his trade is increasing every year. He keeps everything in the dry goods line, and his prices are the very lowest.

A correspondent of the Charleston News and Courier, writing from Williamston under date 13th inst., says: "Last night the warehouse of Anderson & Brother, merchants of our town, was struck by lightning. The bolt unroofed the building from top to eaves on one side through a path about a foot wide. It threw a few of the shingles a distance of forty-five feet. From the roof, it passed down through the roof of the warehouse, tearing it through one of the main walls, leaving it a mass of splinters and scattering them over the floor. A sack of corn was lying between this stud and a pile of bar iron. This bag had a hole burnt in it, and some of the corn was parched. Corn thus parched tastes very much like that parched by ordinary fire. The house is damaged to no great extent."

On Wednesday night of last week the Masonic Hall was literally packed with people to witness the rendition of the play, "Nevada, or The Lost Mine," by the Anderson Dramatic Association. The veteran characters were admirably sustained, and the appreciation of the audience was loud and frequent.

The play is pronounced the best that has ever been produced in this city by our home troupe. Indeed, the audience were so highly entertained that many requests have been made to repeat the play, and the Association has decided to do so on to-morrow (Friday) evening. The admission price has been reduced to 25 cents. Reserved seats can be secured in advance at Hill Bros' without extra charge. The proceeds of the entertainment will be donated to the Pioneer Fire Company.

We are under obligations to our old friend, D. A. Ziegler, Esq., of Pelzer, Col., for a late copy of the *Anderson News*. We noticed in the paper an interesting notice of a letter that city recently by Rev. M. W. Reed, pastor of the First Congregational Church, the theme being "Stone-wall Jackson and the influence of environments upon character." Mr.

Reed pays a beautiful tribute to the hero of the "Lost Cause." The sermon embodies a wise and just rebuke to sectional prejudices. Among other things, Mr. Reed says: "Any man who talks of the nation and thinks only of a section of the nation is not an American. One of the most cheerful things I have heard is the rule of the Confederate soldier in favor of General Grant. He has plenty of worse friends than they."

The Charleston Weekly News and Courier is now offering Webster's Dollar Dictionary as a premium to new subscribers. It is a practical dictionary, and is elegantly and substantially bound. The *Weekly News and Courier* is now recognized as the leading Southern weekly. It is a two-page, seventy-two column paper, and should be a regular visitor to every South Carolina home. The various departments are always replete with the most interesting reading matter from the pens of the very best talent in the country. We take pleasure in recommending this model newspaper to our readers. Aside from the valuable premium each subscriber gets, the paper is cheap at double the price asked for it. The proprietors will close this offer on the 1st of July. Invest two dollars in the paper, and you will never regret it.

Mr. T. J. Lamotte, general agent of the excellent paper, the *Columbia Register*, was in the city on Monday night. He is an old member of the Columbia Fire Department, and when the fire broke out here he was promptly on the scene. Being recognized by the Chief of our Fire Department, Mr. Lamotte was requested to take charge of one of the nozzles, and did some very effective work. His superior judgment, combined with his experience and serenity, enabled him to go at the work in a business-like way, and it was not long before he had the fire extinguished in Mr. D. S. Taylor's store-room, which prevented the flames from spreading to Messrs. Cunningham & Co.'s. Mr. Lamotte ruined a suit of clothes while thus engaged, and as an appreciation of his valuable services the citizens of Anderson on Tuesday tendered him a purse of about \$10 with which to purchase another suit, which he declined. Mr. Lamotte is under lasting obligations to Mr. Lamotte, and will ever remember him with the kindest feelings and regard. The next time he comes to Anderson we hope there will be no fire, but the next time we have a fire we will be glad to have him on hand.

When the blood is loaded with impurities and the system is in a ferment, an alternative is needed, as this condition of the vital fluid cannot last long without producing rheumatism. There is nothing better than Ayer's Sarsaparilla to purify the blood, and impart energy to the system.

Ayer's Hair Vigor stimulates the hair cells to healthy action, and promotes vigorous growth. It contains all that can be supplied to make the natural hair beautiful and abundant; keeps the scalp free from dandruff, prevents the hair from becoming dry and harsh, and makes it flexible and glossy.

Beware of Mercury and Potash. Mercury is more destructive to human health and life than war, pestilence and famine combined. So said a distinguished writer many years ago, and it is as true to-day as then. The poor victim of Blood Disease is drugged with Mercury to cure the malady, and then doused with Iodine to cure him of the Mercurial Poisoning; but instead of any relief, the fatal results are hastened. Mercury and Potash are the worst poisons known. They are given by directions and under the eye of a good physician, and when put up in nostrums, often by incompetent persons, are apt to produce evil consequences. Be careful of these poisonous mixtures or you may regret it. Swift's Specific is entirely a vegetable, and should not be confounded with the various imitations, nor secret balmages, "Rheumal Ajaras," and a host of which other nostrums Mercury and Potash, or are composed of old remedies which have long since been discarded as of no value in the treatment of Blood Diseases, and none of them contain a single article which enters into the composition of Swift's Specific. There is only one Swift's Specific (S. S. S.) and there is nothing in the world like it. Be sure to get the genuine.

Inflammatory Rheumatism. I have been afflicted for nearly fourteen years with the severest form of inflammatory rheumatism. For a large portion of the time was confined to bed, and suffered at the most excruciating pain, my legs badly swollen. My case was thought incurable by the physicians, and I have often hoped that death would ensue and relieve me of pain. Last summer, at the suggestion of a friend, one dozen bottles of Swift's Specific and after using six bottles I am now free from the disease. My joints are becoming more supple and the swelling gone. I am ready to answer any inquiries by mail or in person. Address: Dr. J. C. Cabot, Ark. April 19, '84.

Treatise on Blood and Skin Diseases mailed free. Send Swift Specific Co., Drawer 3, Atlanta, Ga.

TO THE PUBLIC.

WE told you last Fall that we tried to change with the times, and make specialties of things in their season. We are now making a big run on—

GARDEN SEEDS

And to that end have laid in a large supply of Beans, Landreth's, and Johnson, Robbins & Co.'s seeds, and we are now ready to sell either wholesale or retail to any who may favor us with a call.

All we ask is, that you come in and see for yourselves, and if we cannot make it to your interest, why we won't ask you to buy. We ask nobody to patronize us unless we can make it plain to them that they will be the gainer by it. If you haven't tried us already yourself, ask some of our neighbors who have, and hear what they have to say about the way we treated them.

Besides Garden Seeds, we of course keep EVERYTHING in the DRUG LINE, except Coffins, Whiskey and Tombstones.

Very Respectfully,
